Sudden Heart Attack Fatal To Chaffey Board President

JOHN M'CUTCHEN DIES IN OFFICE LATE YESTERDAY

Attorney and Civic Leader Dies While Talking With Friend

John L. McCutchen, president of the Chaffey board of education. is dead.

In his law office the attorney and civic leader was the victim of a heart attack at 5 o'clock yesterday afternoon.

His death came as a complete shock to the community. In good health and busy at his daily tasks, Mr. McCutchen died suddenly as he was visiting with a friend. He was 48 years of age.

He was elected president of the Chaffey board nearly a year ago. He had served on the board since 1932, being actively interested in the educational program and the entire community.

Mr. McCutchen spoke in Upland at the meeting of the Ontario-Upland Realty board a few weeks ago, this being one of his last public appearance. He was to have presided at the meeting of the Chaffey board tonight. The meeting, however, has been postponed.

Marty Carter, former prominent junior college athlete, was the last person to see Mr. McCutchen alive. The former Panther, now teacher at Chino high school, called to visit the school head about athletic matters. In the attorney's office they were visiting when suddenly Mr. McCutchen coughed as though suddenly choked. Then leaning backward he put a hand over his heart and screamed, "Oh, my God."

The confusion attracted his office secretary to the private office and as she arrived, Mr. Carter rushed for a doctor, but Mr. McCutchen was dead when the physician arrived.

Funeral services have not been definitely arranged, but are tentatively set for Saturday. Mr. and Mrs. McCutchen came to the Chaffey district 13 years ago from Oskaloosa, Iowa. Relatives are expected from the east and final arrangements are pending their arrival.

Immediate relatives surviving Mr. McCutchen are his widow and two sons, John, Jr., and Robert, the latter two being students at Chaffey junior college.

J. B. Draper & Co. is in charge of arrangements.

Fall From Fast-Moving Car Brings Only Slight Injury

To be thrown to the pavement from a motor car traveling 25 miles an hour was the unusual experience Saturday of little Robert Keer, son of Mr. and Mrs. Emerson Keer of San Antonio Heights. And to glance back at her son in the rear seat and find the car door swinging open and no son there, brought a sensation that Mrs. Keer hopes she will never again experience.

Late Saturday afternoon Mrs. Keer and Robert, who will be four years old in June, were motoring up Euclid avenue, Robert riding in the back seat.

When near Nineteenth street, Mrs. Keer felt the wind blowing on her back and looked around to discover its source. To her horror she saw the car door swinging open and the seat empty. She had heard no cry nor noise of any kind.

Sending the car quickly back for about half a block, she found Eugene Zimmereman of Twenty-first street, holding the boy on the curbing and a hasty examination revealed he was not seriously injured.

Mr. Zimmerman did not see the child fall from the car, his first sight of him being as he rolled across the pavement to the curb.

Robert's explanation is that "cold air came in and I hit the ground." It is believed the door was jarred open and as the boy felt himself falling he grasped the handle and went out feet first, his head striking the ground as he rolled over. He sustained a number of abrasions on his head and face and a slight concussion of the brain, as revealed by a physician's examination.

The proposed bill provides a permanent plan to carry on relief work in the most economical manner. The SRA would be abandoned and the direct relief program coordinated in county welfare departments under the direction of the state department of social welfare.

MANY PITCHERS TO PLAY

New Ontario Ball Field Will Be Dedicated in Saturday Ceremonies

With nearly three score Los Angeles baseball players working hard in the Fourth street park, and with the Ontario Merchants baseball nine scheduled to give the Angels their first competition, wide interest is being shown today in the two games this week end.

Ontario Merchants and the Angels will meet at 2 o'clock Saturday afternoon to formally dedicate the new ball park and to formally present the visiting Angels to the public.

Manager "Truck" Hannah had not definitely decided today who will be his opening pitcher. In the two days games at least a dozen rookie twirlers are expected to see action on the mound. The games will start at 2 o'clock. Admission will be free Saturday. Ontario civic leaders will preside at the dedictory services, marking completion of the large, beautiful ball diamond. Sunday's game will be a benefit, all net proceeds going to Boy Scout and Y. M. C. A. funds.

Fielders on the Angel squad reported for work Monday morning, coming to the district a week after the first vanguard of pitchers and catchers. Intensive practices are the order for each day this week, with the players tapering off on Friday for the series of practice games.

M'CLELLAN, FOSS SUITS SCHEDULED FOR THURSDAY

Tearing Down of M. O. D. Sign Will Be Issue in Judge Jacobs' Court

CASE FILED YEAR AGO

Managers of Two Local Citrus Associations Will Be In Court

Involving the names of prominent Uplanders and well-known citrus associations is a suit to be tried in Judge Fred H. Jacobs court Thursday. Nearly a year ago Joseph McClellan, manager of the Upland Mutual Groves, sought damages from D. R. Foss, manager of the Old Baldy Citrus association. Mr. Foss filed a counter-claim. Hearing on the suit has been delayed until a date was set for this week.

At issue is location of a Mutual Orange Distributors "M. O. D." sign which Mr. McClellan allegedly posted on the residential property at Euclid avenue and Seventeenth street. At that time he had leased the residence from Mrs. L. D. Temple.

Fruit from the citrus grove adjoining the residence was marketed through the Old Baldy Citrus association, Mr. McClellan charges the M. O. D. sign was removed by Mr. Foss and the Upland Mutual Groves manager is seeking $200 damages.

Mr. Foss filed a counter-claim to the McClellan suit, claiming that the Old Baldy Citrus association was damaged through the placing of the M. O. D. sign on the adjoining residential property. He is seeking punitive damages of $299.99.

Mr. McClellan is represented by Archie D. Mitchell and Mr. Foss' attorney is Edward E. Gray.

Hearing on the two claims will be held in Judge Jacobs' court room on Eighth avenue.

On hearing noise in the rear room, however, Schooler rushed from the front of the cafe. The youth escaped through a rear door. The two drove away in a sedan. Schooler turned the number of the car license over to Upland police.

Transient "Sitting Down"

Oklahoman Refuses to Leave SRA Office—Spurns Return Railroad Ticket

Boyd Booth, transient from Oklahoma, is introducing a new form of "sit down strike." He is determined to sit in the San Bernardino SRA office until he is given relief funds. With his wife and 10-months old baby, Mr. Booth has three times refused railroad tickets and food money for the return trip to Oklahoma.

"We are going to remain in California," the transient said, "because there is nothing to go back to."

He and his family remained all day in the SRA office yesterday, refusing to budge "until the SRA does something about it."

Miss Margaret T. Morewood, SRA director in the county, explained that state relief funds cannot be given persons without the status of a California resident. To gian that status a person must have resided in California a year without receiving any form of public relief. The Booth family has been in the state almost a year but during part of that time it has been receiving checks from relief agencies.

Manley, Dr. Earl Wenger, and Earl E. Marsh. Ontario city and civic organizations will also be represented among those on the platform.

A "traffic school" would enable persons not acquainted with the various laws and road rules to learn more about how to act on the highways, it is pointed out. Such a school in San Bernardino has served approximately 1500 motorists, according to reports.

MALADY APPEARS HERE AS 30-DAY BAN IS PLACED

All Dogs Must Be Kept Tied Up or on Leash—Order Given Today

All dogs in Upland were today placed in quarantine as a precaution against the spread of rabies among the canines and in an effort to keep persons from being bitten by "mad" dogs.

The action was taken this morning following the discovery of several dogs with rabies and the possibility of other dogs suffering with the malady. The quarantine will continue for 30 days.

"During that period all dogs must be kept strictly on the premises of the owner, or if taken out, must at all times be on leash when off the owner's premises," Dr. Robert I. Hodgin, city health officer, said today. "I have advised the police department to take prompt and vigorous action in regard to all stray dogs and dogs running generally at large. All such dogs should be destroyed at once."

Dr. Hodgin explained that a "state of emergency exists in regard to dogs running at large. It appears that rabies has developed more or less widely in Los Angeles county and within the past week or so several cases have been reported to me as existing in or about this community. It is apparent that vigorous action will have to be taken at once to prevent the spread of this malady."

The local situation received serious study with the death of a pet dog owned by L. A. Weller, 721 Euclid avenue. It is understood three or four other local dogs had become infected with rabies. To prevent further spread, the emergency quarantine order was issued.

The Weller dog, known to many boys and girls due to its playful disposition, began to suffer with the malady Wednesday and it died Saturday.

"The cooperation of the public is earnestly requested in thoroughly carrying out this quarantine," Dr. Hodgin said. "In the meantime, the public may be reassured that all necessary steps will be taken to stamp out this malady among dogs in this community.

"If any person should come in contact with any dog suspected of being afflicted, it will be safest immediately to get in touch with a physician, and also all citizens are requested promptly to report to the police department the presence of any dog acting strangely or showing any indications of being afflicted with some malady."

Do You Carry a Spare?

When one is driving an automobile—especially on a long trip and where service stations may be a long distance apart—a "spare" is a mighty important thing. However, there are other ways in which a "spare" is of great importance—as you will observe by reading these wise words by W. L. Y. Davis in the Los Angeles Times:

Have you a spare?

The desert is no place to go without a spare tire, a spare can of oil, a spare water bottle.

If a tire lets go, the wide-open spaces are tremendously wide. The distances between oil stations, thick as they are, can be too great. When the engine heats on a grade, you often want water—and want it bad.

However, cars are not the only institutions that need a spare in an emergency . . .

Do you carry a spare for your body? Or do you live up to the limit of your physical strength? If you should crack, have you any reserve? Do you use up all your nervous energy daily and have to take a stimulant as a whip to keep going? What would you do in case of a blow-out? Sinking spells need sinking funds.

What about a spare pocketbook? Do you live from hand to mouth on your monthly income? Don't you lay anything up for a rainy day? Don't you keep any capital fluid for an emergency? In case of a crash, would it be over the hill for you?

Have you any spare ideas? If a competitor thinks up something new, would you be sunk? Have you only one trick in your locker? Haven't you any hobby on the side to keep from going crazy?

Do you keep ahead of your profession? If the man across the hall should introduce a new gadget, would all your patients melt away?

Have you a spare?

The state board of equalization announces that a record sum of $81,235,523.28 for the year 1936 was obtained through California's three per cent retail sales tax. The steady gain is seen by board members as positive proof that California is climbing toward a new financial security. It is pointed out that because of a change in rate and the exemption of foodstuffs in 1935 a fair comparison can be made only between the last six months of 1936 and the last half of the previous year. During the last half of 1935 the income from the sales tax was $35,414,211.84 in comparison with $43,613,752.53 collected during the second half of 1936—a gain of $8,199,540.69, or 23.15 per cent. The sales tax is one which cannot be evaded and we believe is fair and just. The income from this tax is approximately the sum required to meet the state's outlay for support of common schools and the maintenance of the University of California, the state colleges and other state establishments for public education. The state's educational system is assured if this tax is not basically disturbed—along with other reductions of taxes on real property.

Overnight, the trailer industry leaps into the fifty-million dollar class, startling a nation of home lovers by its very unorthodoxy. Economists announce that within twenty years the vogue that started as a handy vacation expedient will pull half the population of the United States out upon the roads—in family trailers. Already thousands of wanderers are weaving their way across the continent—harvesters, mechanics, factory workers—moving with the seasons and with their fortunes. Mostly the trailer roads lead west. And mostly, they point toward the Golden State. We who call California "home"—and glow with pride at the privilege—ponder the impulse which prompts the pulling up of long-established roots for haphazard, uncertain wandering. We wonder what will be the effect on the character of our youth, on our educational system, on civic responsibility and living standards in general. Perhaps there is no immediate cause for alarm. But assuredly a roaming population will add nothing of worth to America's economic, social or moral stability!

It is now recalled that the first sit-down strike occurred in France nearly a year ago—paralyzing about a fourth of that nation's industries. The French seem to be entitled to the claim of discovery—but Buron Fitts, Los Angeles district attorney, can claim the more important discovery of a way to make the sit-downers stand up. The attack on the life of Fitts Sunday night impresses upon one that it is dangerous to hold a law enforcing job in these days. Law-abiding citizens admire a man of such nerve as Fitts possesses—but there are few who envy him his job.

Word comes from Seattle that the state of Washington has enacted a law prohibiting householders from working domestic employes more than sixty hours a week. Judging by comment we have heard all through the years, the trouble in most cases has always been to get them to work efficiently any number of hours.

With our typical Southern California weather now in evidence again we are more convinced than ever that there is nothing wrong with California weather. The trouble is that the weather from some of the other states gets shifted around when the wind blows it over into our state.

A magazine is asking of its readers that old question, "What would be the first thing you would do if you came into possession of a million dollars?" It's easy to answer that query these days—you'd turn over half or two-thirds of it to your Uncle Sam.

—o—

A lot of the old fashioned men who used to work sixty hours a week to support their family and "lay up something for the rainy day" now have sons who are loafers and boast about the speed of their wives in shorthand and on the typewriter.

—o—

The object of the President in desiring to increase personnel of the Supreme Court to fifteen is to change it to a rubber stamp—and the only wording on that rubber stamp would be "yes."

—o—

We understand a lot of fellows who used to get lonesome when their wives went home for a visit are not affected that way any more—they just turn on the radio and let it run.

—o—

Some of the old timers who lived to be forty or fifty years of age before they were "ever ten miles away from home" are now roaming all over the country in trailers.

Mrs. Thompson Meets Son in New York; Is Home Again

After an absence of three weeks, Mrs. O. A. Thompson returned on Saturday from New York, where she had the pleasure of meeting her son, Bob Thompson, as he landed on his return from a visit in Scotland and England.

On the eastward trip Mrs. Thompson went directly to New York, where she spent a number of days.

She had the pleasure of meeting Mr. and Mrs. Robert Kuster (Ruth Mathews of Upland) and was a guest one day in their home. She also accompanied them out on several evenings to attend interesting events.

A somewhat anxious time was spent by Mrs. Thompson when the S. S. Manhattan, on which her son was returning from Eruope, was delayed for two days by a severe storm. After greeting his mother in New York, Bob sailed for home on the Grace liner Santa Elena by way of the Panama canal and expects to arrive here on March 18.

Returning home, Mrs. Thompson stopped over in Washington, D. C., and visited many places of interest in that city, the outstanding event of her stay there being a visit to the senate. Senator Hiram Johnson of California was addressing the senate on some bill under consideration.

Another enjoyable stop was made in New Orleans and Mrs. Thompson made a sight-seeing trip through the picturesque city. In Houston, Texas, she was met by Mrs. Lillian Lee Hawks, former resident of Upland and now living in Galveston. The two friends spent the day together in Houston and Mrs. Hawks sent greetings to her many friends here. She is planning to visit in Upland next fall.

Leaving Houston, Mrs. Thompson came directly home, having had a delightful trip but being very happy to be home again.

In celebration of the thirty-fifth anniversary of their wedding, Mr. and Mrs. Ray C. Norton, of 793 Euclid avenue, delightfully entertained a large number of their friends Friday evening with a dinner bridge at Red Hill Country club.

The springtime color motif of yellow and blue was used in the decorations and appointments, the bowers being golden jonquils in blue bubble vases.

A delectable menu was served at 7 o'clock, and a merry hour was spent about the dinner table.

Bridge provided diversion for the remainder of the evening, a spirited tourney being enjoyed. High score prizes were won by Mrs. J. F. Sawyer and David R. Foss. Mr. and Mrs. C. E. Rosenberger were winners of the second prizes, and the consolation awards went to Mrs. Wayne E. Morris and Martin Mangold.

During the evening some of the guests, recalling that just 10 years ago Mr. and Mrs. Norton had celebrated their silver wedding, passed around word that this was their thirty-fifth anniversary, and the hosts were showered with congratulations and happy wishes and surprised them with a gift.

Among the large number of guests enjoying the very pleasant occasion were the hosts' sons-in-law and daughters, Mr. and Mrs. Martin Mangold of Glendale, Mr. and Mrs. Ellis Zander of Pomona, and Miss Mary Norton of Upland.

The game will be played in the Chaffey gymnasium. It was originally scheduled for last month, but was postponed until this week.

Regardless of what may be the outcome or the effect in the standings, the game will be filled with the usual keen rivalry always evident when teams from the two institutions meet.

The meeting, regularly scheduled for the second Tuesday in the month, was changed to Wednesday afternoon to accommodate those presenting the program, that being the only day on which the picture could be secured.

The program is expected to be one of more than ordinary interest and a large attendance is expected.

Cucamonga Service club is planning for only one meeting during March, that being a ladies night dinner and dance at Red Hill Country club on Wednesday evening, March 17. The purpose of the special meeting is to celebrate the success of Cucamonga's prize winning entry in the San Bernardino Orange show.

ETIWANDA, March 9. — The regular monthly meeting of the Ladies Aid society was held in the basement of the church Thursday, with luncheon served at the noon hour by the ladies of the first section. A short business session was held in the afternoon, followed by a very interesting lecture given by Mrs. Rose of Hemet, formerly a missionary to India. This was the first of a series of quarterly missionary meetings to be held this year. A group of ladies from the Hemet church, of which Mrs. Rose is wife of the pastor, accompanied her.

The deepest sympathy is felt here for Mrs. Wm. B. Hutton, who was called to Grand Junction, Colo., last week by the illness of her mother, who died Friday night after Mrs. Hutton's arrival. The mother, Mrs. Lon Luther, visited at the Hutton home here a number of years ago and made many friends who will grieve with Mrs. Hutton because of her passing.

The home of Mr. and Mrs. Norris Gorman was saddened by the death of the former's father, who passed away Thursday in a Los Angeles hospital after a brief illness.

E. C. Appel, who has been quite ill at his home for some time, suffering from complications following an attack of flu, was taken to San Antonio Community hospital at Upland for treatment last Wednesday.

Mrs. Clyde Webb, son Louis and daughters, Lillian and Jane; Chester Horrowitz and Mrs. Smith and daughter of Temple; Mr. and Mrs. Mervyn Fowlks and son Bobbie of Rialto were dinner guests of Mr. and Mrs. Wm. McClean Sunday. Mr. and Mrs. C. D. Sparks of Claremont were callers there Friday afternoon.

Mr. and Mrs. Harold Ellis and sons, Robert and Jack, of Huntington Beach, were dinner guests of Mr. and Mrs. O. M. Harness Sunday.

Judge and Mrs. Thomas Donnelly and Mrs. Lue B. Dooley accompanied Rev. and Mrs. J. H. Mallows of Claremont to Pacoima Sunday, where Rev. Mallows was guest speaker in the Pacoima church, of which he was formerly pastor.

Philip Scott, Carlton Brownless, Raymond Frost, Francis Johnston, Allan Donnelly and Harold Adams motored to Santa Paula Sunday to see John Scott and Kenneth Adams, who are employed in a citrus house there. Harold Adams remained and will be employed there also.

Recreation Center In Alta Loma Has New Dance Teacher

The community recreation activities that have been carried on each Friday night at the Alta Loma school building are now under the direction of Vernon Shiflett and a definite program is followed each Friday evening.

A change has been made in the corps of instructors, Carter Pool having been placed in charge of the class in ball room dancing. Miss Teddy Kerr, who previously instructed that class, is now devoting her entire time to tap dancing.

The recreational activities are open to any one in this and neighboring communities who desire to participate.

The regular Friday schedule is:

7 p. m., children's tap dancing and games, Miss Kerr.

7:45, adult tap dancing, Miss Kerr.

8:45, ball room dancing, Mr. Pool.

Mrs. May Thompson is in charge of the arts and crafts instruction.
